

NATION-WIDE CARBON TAX PROVINCIAL BORDER PROTEST CODE OF CONDUCT

Reminder to All Members: Uphold Our Collective Integrity During Protests

Hello, wonderful community of the Nation-Wide Protest Against the Carbon Tax

As we continue to stand together in our cause, it's crucial to remember that each of us represents something much bigger than ourselves. Our actions, words, and behavior during protests are not just personal expressions; they are reflections of our entire group and the values we stand for.

Here are key reminders as we move forward with our demonstrations:

- 1. Act Peacefully & Respectfully:** Our strength lies in our peaceful approach. Let's ensure our protests are conducted respectfully, without resorting to violence or vandalism. The power of our movement is measured by our dignity and composure.
- 2. Unity in Diversity:** We are a group with diverse backgrounds but united for a common cause. Respect each person's views and space, and avoid any actions that could be divisive or detrimental to our solidarity.
- 3. Be a Responsible Representative:** Remember, when you're out there, you're not just an individual; you represent our entire community. How you act can either strengthen or undermine our collective efforts. Make us proud!
- 4. Stay Informed:** Misinformation can lead to confusion and ineffective protests. Please stay updated with verified information from our official channels and ensure that you're spreading accurate details.
- 5. Safety First:** Look after yourself and others. Bring water, wear appropriate clothing, and follow safety guidelines. If you see someone in trouble, help them or find someone who can.
- 6. Environmental Responsibility:** Our protest against the Carbon Tax does not mean we disregard the environment. Please minimize waste, recycle, and keep our protest sites cleaner than when we arrived.
- 7. Spread Positivity:** Our aim is to inspire change, not to incite fear or anger. Carry messages of hope, constructive change, and unity. Let's be an example of positive, impactful activism.
- 8. Don't Confront: Document.** If you encounter opposition or witness inappropriate behavior, document it safely and report it to the authorities or our designated safety officers. Do not engage in confrontations.
- 9. Remember the Goal:** We are here to voice our opposition to the Carbon Tax in a way that is respectful, impactful, and constructive. Let's stay focused on our objectives and work together to make a difference

By standing together in respect, peace, and unity, we can make our voices heard more powerfully than ever. Let's lead by example and make this protest a testament to our commitment, responsibility, and hope for change.

Thank you for your continuous support and dedication. Let's make our collective voice heard, but let's do it the right way.

Together, we are stronger.

Together, we can make a difference.
